

RAIL TRAIL ETIQUETTE & SAFETY GUIDELINES

OPEN Daylight hours only.

NO motorized vehicles, snow machines or horses permitted on the trail.

STAY ON THE TRAIL—Trail users should respect adjacent private property. Leaving trail boundaries constitutes illegal trespassing.

YIELD TO THE RIGHT; PASS ON THE LEFT—When approaching oncoming users always move to the right of the trail. Always pass on the left side and make your intentions know by announcing your approach.

STOP AT ALL ROAD CROSSINGS—Trail users must yield to traffic at all public road intersections and crossings.

APPROPRIATE GEAR RECOMMENDED—Wear suitable clothing and protective equipment when using the trail. This includes helmets when bicycling or skating.

PETS—Pets should be on a leash and under control at all times. Clean up after your pet.

DO NOT LITTER—Carry all trash with you; if you bring it in, please bring it out. If you see litter along the way, take a moment to pick it up as well. You will be leaving the trail a nicer place than you found it.

CYCLISTS & SKATERS, KEEP YOUR SPEED DOWN TO A REASONABLE PACE.

THE FJ&G RAIL TRAIL

Take yourself back in time to the booming days of an upstate New York railroad. From the 1870's to the 1980's this railroad served Fulton County and the surrounding counties using some of the finest and newest equipment of its day.

In the mid-1990's Fulton County began converting the unused railroad bed to a scenic recreation area. This paved, landscaped trail is a pleasure for many forms of recreation including bicycling, jogging, rollerblading, and cross-country skiing.

Today, this abandoned railroad bed is home to Fulton County's 8 mile Rail Trail. We're sure that this beautiful scenic byway will delight people of all ages.

This project is looking to expand to include an additional 20 miles of unusable abandoned railroad that will transform into a historic and enjoyable outdoor respite.

The Rail Trail is accessible to the public in many locations. Parking is available and the trail is handicapped accessible. Nearby are locations for dining, shopping, tourism information and bathroom facilities.

Our local businesses would love to have you!
